Difference between PS Name and Display Name

PS Name

Display Name

"PS Name" is user's handset name which is displayed on its own handset screen.
"Display Name" is the handset name which is displayed as caller's name on the other party's phone.
In case of above picture, other party has set the display name as Line1.

Procedure

<Step1> Confirm IP address of Super Master CS
⬇

<Step2> Open the CS Web port

⬇

<Step3> Configure PS name
