

- Q Does scanning software have barcode recognition function?**  
**A** Image Capture Plus, TWAIN driver and ISIS driver provide the function.

NOTE: Image Capture Plus and TWAIN driver may not provide the function depending on the ship date. Please check the serial number attached on your scanner, and refer to the model list below. The function can be used if the left three digits are matched and 7th digit is same or later. (e.g. If 'E', 'F' is later production)  
 If the serial number is not matched, please contact your dealer, who can support for value.
